

Firefly Traveler®

a PHOTODIVERSITY FILMS™ PRODUCTION

A New Fashion in Beauty!

Firefly Traveler© presents the diverse beauties of night in an entirely new fashion!

The point of every PhotoDiversity™ Film is to explore the importance of light for living things, and to stress the importance of diversity in culture, science and the environment for life on earth to thrive. Fireflies, using light to lure love unto death, flickering about the globe as they enrich life on the planet. Firefly Traveler© tells their story through stunning imagery and poetic narration. Audiences of Firefly Traveler© discover that night around the planet is beautiful, rich in variety and in many aspects, right in their own back yards.
